

# TIP SCOOP

OCTOBER 2, 2022

## From the President, TIP and Patron

It gives me immense pleasure to introduce our very first e-newsletter, I am quite confident that it would pave the way for a better future & recognition of TIP in the years ahead.

Our readers should be aware of the fact that TIP is a happening Institute, though situated on National Highway, a little further from the metropolis.

The launching of a newsletter has always been on our cards, though not on the priority list, but somehow due to one reason or the other, this small initiative could not come out of the cold storage!

However, now we have finally decided to go for a monthly e-newsletter to highlight the events of TIP.

The outreach of this newsletter, would definitely increase over the time as our students are our ambassadors, so are our patrons in the textile industry, as well as other stakeholders.

I am extremely thankful to Ms. Qurratulain Razak, our Head of Marketing, as well as Editor in Chief for not only brainstorming the whole idea but to implement it as well amicably, I am quite aware of the fact, that it surely is an uphill task which requires lots of perseverance and hard work, especially when someone is managing a full time work portfolio.

**Happy Reading!**

For suggestions and contributions: qurratulain.razak@tip.edu.pk

## Note From the Editor in Chief

Hello, all! I am ecstatic to be presenting to you all the very first e-newsletter of TIP. It took me a lot of brainstorming to make this idea come to reality. The name of this newsletter TIP SCOOP suggests that it will be giving you all scoops of the happenings around campus. Moreover, it also shows my love for ice cream!

I would also like to take this opportunity to thank the President, Mr. Humayun Zafar who encouraged and supported me with this brainchild of mine. Mr. Zafar is also the patron of this newsletter and has graciously agreed to pen his thoughts for SCOOP every month.

SCOOP will be a monthly e-newsletter. I will encourage students and faculty members to get in touch with me if they want to have their articles published.

**Happy Reading!**

Ed.

## Textile Institute of Pakistan & NIZAM Announce Collaboration

Textile Institute of Pakistan and H.Nizamdin & Sons Private Limited (NIZAM) signed a collaboration on campus on October, 12, 2022.

It is a cooperation between both parties to collaborate for the time period of 24 months titled as: 'Circular Economy for Humanitarian Aid Products: A Sustainable Transition for Pakistan Manufacturing and Packaging Disaster Relief Blankets.' This project is co-funded by the German Corporation for International Cooperation (GIZ) and commissioned by the German Federal Ministry for Economic Development and Cooperation.

With clients from across the globe, NIZAM serves quality conscious world market. Their team has sourced and developed globally quality materials, best practices in manufacturing and innovated processes in order to provide extraordinary value to their clientele.

Textile Institute of Pakistan (TIP), which is one of the leading textile institutes in the country for almost three decades, will develop in collaboration with the University of Engineering and Technology (NED), two Life Cycle Assessments (LCAs) for the conventional product version and for the sustainable alternative to make the optimization of the disaster relief blankets measurable. With the LCA, the potential environmental impacts throughout the entire life cycle of the high thermal blankets (production, distribution, use and end-of-life phases) will be assessed and evaluated.

H. Nizam Din & Sons Private Limited (NIZAM) will cooperate as a key partner for industry wide capacity building and training. Throughout the project duration, lessons learned and knowledge will be shared through training, joint webinars, and a guideline manual.

## Workshop: What is SAR & How it Reflects Quality Assurance

Dr. Abdul Razak Mahar arranged for a workshop on campus premises on October, 15th, 2022 on 'What is SAR and How it Reflects on Academic Quality Assurance'. It was chaired by Mr. Saran Ullah Khan Marwat, Director, Quality Assurance at Higher Education Department, Khyber Pakhtunkhwa Peshawar.

The aim of this workshop was to ensure that universities and HEC degree awarding institutes are able to ensure quality assurance checks and balances as prescribed by the HEC. The end result is to provide quality education to students by optimizing maximum quality checks and protocols which includes teaching facilities, resources and equipment.

Seen in the picture are the honorable President, Mr. Humayun Zafar, Dean, Dr. Abdul Jabbar, Director QEC, Dr. Abdul Razak Mahar and Mr. Imran Ullah Khan Marwat, Director, Quality Assurance at HEC, KPK

## Publications in Research Impact Factor International Journals

Textile Institute of Pakistan announces the research collaboration with the H.E.J. Research Institute of Chemistry, University of Karachi that has resulted in two more research publications in international journals bearing a good impact factor in the name of the Institute (TIP).

These publications are imperative to earn some points during HEC-IP (Institutional Performance Evaluation) and CIEC-Government of Sindh (Chartered Inspection Committee) visits as we got in their previous visits (List of previous publications enclosed).

The Institute has a good team of researchers (mentioned below), and will thrive to revive its (TRIC, Textile Research and Innovation Center).

- 1) Dr. Abdul Jabbar (Ph.D., Textile Chemistry), Dean.
- 2) Ms. Sidra Safdar (M.Phil, Registered for Ph.D.), Assistant Professor
- 3) Shafia Sagheer (M.Phil, Textile Chemistry), Lab Incharge.
- 4) Syed Ahmad Khizar (Registered in M.Phil).
- 5) Tahir Hafeez (Registered in Ph.D) visiting Faculty.

Every year in October, countries all around the world celebrate National Breast Cancer Awareness Month, called "Pinktober." There are many campaigns held by women's health charities and community organizations that shed light on the prevailing issue. The goal of Pinktober is to create awareness, educate women about the disease, and raise money to help treat those that are affected by it.

## 7 Warning Signs of Breast Cancer

According to the Centers for Disease Control and Prevention, different people experience varied symptoms. These symptoms usually overlap with other conditions such as weight gain, menopause or pregnancy, which makes it challenging to identify cancer. The 7 things you should look out and frequently check for are:

- 01 Lumps forming in breasts or armpits
- 02 Nipple discharge (excluding breast milk) like blood
- 03 Pain in any part of the breast (including the nipple area)
- 04 Irritation on breast skin
- 05 Redness around the nipple
- 06 Flaky skin around the breast
- 07 A swollen breast

It should be noted that not only women, but also men need to be aware of this because they cater to their mothers, wives, and sisters alike. It must also be added that breast cancer is curable when detected in the earlier stages.

# COPA KARACHI FOOTBALL TOURNAMENT 2022

TIP warriors participated in the COPA Football Tournament held in Karachi, earlier this month. The boys did not win, but they played with full zeal and enthusiasm. At TIP, we encourage students to participate in extracurricular activities alongside their academics.

# COMES TO TIP.

It was a grandiose affair at the TIP campus on Thursday, October 26, 2022. Coca-Cola Pakistan came over to our campus and set up Coke Studio. It was an initiative to encourage young talent to showcase their singing talent. Students displayed their singing skills, and enjoyed a lovely afternoon and chilled Coca Colas!

# FRESHMAN GALA 2022

The senior students of the Institute welcomed all the freshies aboard by setting up a Gala. It was a glitzy disposition. Energetic students dressed themselves to the occasion. There was music, games, titles and laughter. This event was organized by the student council.

# TIP CELEBRATES DIWALI

Diwali, or Dipawali, the biggest and most important festivity of the year for the Hindu community.

The festival gets its name from the row (avali) of clay lamps (deeps) that Hindus light outside their homes to symbolize the inner light that protects from spiritual darkness.

Over the centuries, Diwali has become a national festival that's also enjoyed by non-Hindu communities. For instance, in Jainism, Diwali marks the nirvana, or spiritual awakening, of Lord Mahavira on October 15, 527 B.C.; in Sikhism, it honors the day that Guru Hargobind Ji, the Sixth Sikh Guru, was freed from imprisonment.

The management of Textile Institute of Pakistan celebrated this festival of lights with their Hindu staff with full enthusiasm. As the white in our flag boasts, TIP wishes prosperity amongst all minorities living in this nation.

Happy Diwali!
