TIP SCOOP FEBRUARY 2023 ISSUE

Message from the President, and Patron

Hello readers! We have commenced our Spring 2023 and it is progressing satisfactorily. I welcome all our new students aboard. The TSIF has planned lot of co-curricular activities for the TIPians. I have, though, always emphasized that sports activities should occupy the top preferences amongst all extra-curricular activities followed by declamation contests.

However, it is a pity that the new generation has little or no reading habits left in them. Instead, they all opt for Google, so the literary activities in the world are almost restricted, Pakistan being no exception. I urge on students to make the best of the campus life at TIP. The entire campus is spread over 50 acres, with lush green lawns and an artificial lake.

The students can use the campus ambience to lifting the best and most innovative creative skills and compete with each other on a positive note. The opportunities are available to everyone to prove their mettle. It is only a matter of taking the initiative and proving.

There is good news on the horizon. Most of our recently graduated students of the convocation which was held on January, 28, 2023, this year, specially for the department of Fashion Design Management (FDM) and Apparel Manufacturing & Merchandising (AMM) have got job offers from renowned textile groups.

Happy Reading!
