

SCOOP MEGA EDITION

May 2023 - August 2023

Message from the **PRESIDENT & PATRON**

Dear Readers,

This is a Mega edition of Scoop, & as usual a lot of things are happening at TIP. The Fall admissions are in full swing. The third round admissions Test is going to be held on the 4th of September 2023.

On 3rd, 4th & 5th August, the Textile Design Technology (TDT) department held its annual thesis display & degree show at the Expo, which was widely attended by the local as well as foreign participants & dignitaries, it won accolades from the general public as well.

Subsequently TIP conducted its Open house at Lucky One, on the 6th & 7th of August. The event at Lucky One Mall was simply icing on the cake & hordes of people, including students paid a visit at the stall, which was set up in an open space.

We are now all geared up for our Fall Semester which would commence most probably by the middle of September 2023.

Happy Reading

Humayun Zafar

Message from the
EDITOR IN CHIEF

Greetings, Esteemed Readers,

A hearty welcome to the Mega Edition of Scoop! I am delighted to present an information-packed update on all things at TIP. Brace yourselves for an exhilarating ride through the latest buzz.

The spotlight shines brightly on the Fall 2023 admissions, but a lot other things are happening as well. I saw some of the brilliant project displayed on campus during the Garment Technology Program and at the Degree Show at the Expo. The ingenuity and dedication invested in these endeavors were clearly evident, with each project resonating as a testament to your diligence and commitment.

As we all gear up for the upcoming Fall Semester, set to kick off in mid-September 2023, we anticipate a season filled with promise, growth, and boundless opportunities.

Your journey through this Mega Edition promises to be both insightful and captivating. Stay tuned for a deeper dive into these exciting events and much more.

Wishing you engaging reading moments ahead.

MEGA EDITION

TDAP FASHION SHOW

26th May 2023 - 28th May 2023

In May 2023, TDAP organized an exceptional Fashion Show at the Expo Centre, collaborating with distinguished Pakistani fashion designers. Textile Institute of Pakistan enthusiastically participated in this event, which spanned from May 26th to May 28th, 2023.

The students' work garnered immense praise on the runway, receiving accolades from both local and international participants. Guided by the proficient leadership of Mr. Gauhar Ajmal, the Head of Fashion Design Management (FDM) & Apparel Manufacturing & Merchandising (AMM).

The TDAP Fashion Show marked a significant milestone for TIP's students, providing them a platform to exhibit their creative talents in garment design and utilization of diverse color palettes. The show attracted a substantial audience, comprising TDAP members, the general public, and foreign dignitaries, who regarded it as a remarkable and unprecedented fashion affair in Karachi after an extended hiatus.

GARMENT TECHNOLOGY

8th June 2023

STUDENTS WORK DISPLAY

Embark on a journey through Garment Technology II, where creativity merges with craftsmanship. Under Mr. Arsalan Alam's guidance, students have refined their skills for four months to unveil two captivating creations: the Laser Wash Denim Pant and Tye and Dye Jumpsuit.

Witness innovation in style with the Laser Wash Denim Pant, redefining denim aesthetics through intricate wash patterns created by cutting-edge laser technology. The Tye and Dye Jumpsuit complements this with vibrant self-expression through color mastery and pattern play.

Mr. Arsalan Alam's mentorship has shaped technical mastery and instilled understanding in design, sustainability, and market dynamics. Beyond threads, this course ignites passion and cultivates work ethic, nurturing artists who envision and create.

So, whether you're an aficionado of fashion or simply intrigued by the art of garment creation, prepare to be captivated by the incredible pieces that have emerged from this remarkable course. A tribute to Lab Instructor Ms. Nazia Durrani for nurturing these talents.

EDUCATION EXPO

17th June 2023 - 18th June 2023

Amidst the educational buzz, the Textile Institute of Pakistan proudly joined the ranks of esteemed universities at Education Expo 2023, Pakistan's largest education event. With a plethora of universities showcasing their offerings, this expo served as a prime platform for our institute to spotlight its diverse programs and cutting-edge education. Engaging with eager students and enthusiastic parents, our participation in this prestigious event underscored our commitment to providing quality education and forging a path of excellence in the realm of academia.

FUTURE UNVEILED

ADMISSION FALL 2023

11th July 2023

FIRST ROUND

In the realm of academia, the Textile Institute of Pakistan conducted the First Round of Admission Test for the Fall 2023 term on July 11th, 2023. A day of anticipation and aspiration, this test served as a gateway for budding scholars to exhibit their intellectual acumen and potential. Beyond being an assessment, it marked the inaugural step towards a journey of transformative education. As we meticulously evaluate each candidate, our dedication remains unwavering in identifying and cultivating the exceptional minds that will carve the path for our institution's future and the textile industry at large.

GRAD SHOW

3rd August 2023 - 5th August 2023

Experience a world of creativity and innovation at the TIP Grad Show 2023, hosted by the Textile Institute of Pakistan. From August 3rd to 5th at the Expo Center, attendees were immersed in the culmination of hard work and imagination from our students. Captivating textile designs, groundbreaking fashion collections, and mesmerizing artworks took center stage, showcasing the promise and exceptional talent of these emerging creatives.

The TIP Grad Show garnered attention from esteemed artists and industry professionals alike, underscoring the event's significance as a hub of creativity and innovation. It provided a tantalizing glimpse into the future of art and design, as visitors explored vibrant displays that seamlessly fused imagination and skill, with each creation carrying the mark of a promising future for these budding artists.

TIP Grad Show welcomed Xulfi Jabbar Khan, the celebrated Pakistani musician known for his success at Coke Studio. His exploration of the students' thesis displays accentuated the event's stature as a platform for the convergence of creative minds and the celebration of their accomplished works.

LUCKY ONE OPEN HOUSE

6th August 2023 - 7th August 2023

The Textile Institute of Pakistan orchestrated an enlightening Open House event at Lucky One Mall on August 6th and 7th, providing a captivating preview of our Fall 2023 admissions. As doors swung open to eager participants, they were met with a dynamic platform that offered prospective students and parents a firsthand experience of our institution's offerings.

Interactive booths, thoughtfully curated to reflect our diverse programs, allowed attendees to engage with our distinguished faculty and explore the academic pathways that lead to professional excellence. These displays were more than just showcases; they were gateways into a world of opportunities that the Textile Institute of Pakistan proudly presents.

Amidst the lively atmosphere, attendees didn't just witness visuals but engaged in insightful discussions and illuminating demonstrations. These interactions spanned from understanding the intricacies of our curriculum to glimpsing the hands-on learning experiences that awaits. The event fostered connections between students, faculty, and their dreams, creating an environment where potential met nurturing guidance.

This vibrant confluence of minds, stories, and experiences painted a vivid picture of the holistic education and unparalleled opportunities that await those who choose to embark on this transformative journey with the Textile Institute of Pakistan. The Open House event showcased our dedication to shaping the future leaders of the textile industry and beyond, offering a glimpse into the dynamic world of creativity, innovation, and growth that defines our institution.

INDEPENDENCE DAY CELEBRATION

14th August 2023

On the 14th of August, the Textile Institute of Pakistan radiated with patriotic pride as we commemorated Independence Day. The campus was bedecked in the colors of our national flag, an embodiment of the cherished ideals our nation holds dear. The day's festivities were marked by a spirited flag hoisting ceremony, followed by cultural performances that celebrated the rich tapestry of our heritage. Engaging discussions and reflections on the significance of this historic occasion further deepened the sense of unity and purpose that binds us as a community. This celebration not only honored our past struggles but also kindled the flames of hope for a prosperous future, where the torch of freedom continues to shine brightly.

FREEDOM FESTIVITIES

ADMISSION FALL 2023

16th August 2023

SECOND ROUND

In our unwavering pursuit of cultivating future leaders in the textile industry, the Textile Institute of Pakistan embarked on the Second Round of Admission Test for the Fall 2023 intake, a significant milestone that occurred on August 16th, 2023. This pivotal examination stood as a testament to our commitment to identifying and nurturing exceptional talent. As the doors of opportunity swung open, aspiring minds converged to showcase their aptitude and potential. Beyond being a mere assessment, this test marked the threshold of a transformative educational journey, where innovation and excellence converge. With each test-taker, we are reminded of our role in shaping the narrative of the textile landscape and beyond.
