Dated: 25.05.2022

**Subject:** Implementation Plan & Actions Taken for BBA-TMM Program based on findings & recommendations by the AT members 23.05.2022

AT findings for TMM	Implementation Plan	Action Taken	Evidence
1. Program Outcomes are missing, what is available, need to be aligned with program.	PT members have been informed & requested to review and make as suggested.	The outcomes have been reviewed and aligned with the program.	PI: see SAR
2. Program not yet accredited	The accreditation is on priority; as soon as required documents including concerned faculty become available, the process for accreditation will be applied.	Under process	----
3. Need improvement for LMS	The IT manger has been informed; soon the current need and shortages will be covered.	TIP has high quality LMS, nevertheless, it is more enhanced and improved.	TIP has CMS & Student Portal.
4. No one holding Ph.D. degree	Many times, for hiring PhD faculty, has been advertised; because of far way distance we have been not successful.	Once again new advertisement for hiring PhD faculty is being processed.	PI: see Attached Add: evidence
5. Faculty student Ratio high as 3/17	As soon as faculty is hired, hopefully the standard faculty-student ratio will be maintained.	Standard ratio will be maintained after hiring new faculty.	----
6. Current faculty to be encouraged for research work	Faculty is always encouraged to be involved in research work.	Faculty has been once again advised to be involved actively in research.	Since, the TIP is right now offering undergraduate courses, however, faculty is always suggested, letter for research work attached.
