Subject: Implementation Plan & Actions Taken for B.S. TS Program based on findings & recommendations by the AT members 23.05.2022

AT findings for TS	Implementation Plan	Action Taken	Evidence
1. HEC/PEC has provided revised curriculum for Textile Engineering Program which needs to be adopted in new session (Fall-2022). The revised curriculum should be approved through IAB, DBOS, FBOS and academic council (AC).	There is No Textile Engineering Program	N/A	N/A
2. The Complex Problem activity is not being conducting in any semester. The exposure to such activity should be introduced at sophomore's level.	Incoming Academic Year, the complex problem activity will be conducted.	---	---
3. Number the work stations in lab with title of practical and prepare the Lab Manuals of concerned subjects which should be inducting Open Ended Labs (OELs).	The concerned lab technicians/instructions are asked to place required Lab Manuals and equipments usage instructions.	Lab Manuals regarding all subjects are placed and the SOPs are being strictly followed.	Letter to concerned all lab technicians/instructors
4. Health & Safety practices should be duly improved in the department.	Health & Safety instructions for lab practices are already available	Improved Health & Safety measures are more improved and are mandatory to all users of lab.	Letter
5. As per HEC minimum criteria of number of faculty members for a program should be fulfill, there should be 8 dedicated faculty members. The number of publications of students and faculty members should be increased.	TIP authority is well-known to this issue and planning an effective action to fulfill the required minimum number of faculty and research out put.	The faculty is always encouraged and support to conduct research and get research output published in the HEC recognized journals.	Letter
